## ACTIVITIES/EVENTS - MAY 2024

### Celebration of 'The International Labour Day': May 01, 2024

Cultural Committee of GDC Nagrota organised a lecture and a symposium to celebrate International Labour Day with this year's theme to focus on ensuring safety and health at work in a changing climate. In India, Labour Day was first celebrated by the Labour Kisan Party in Madras in 1923. International Labour Day is also known as Workers Day or May Day and is celebrated annually on May 1. A number of students participated in the programme and expressed their views about the importance and rights of workers in every sphere. On this day, workers around the world celebrate their achievements and contributions to society. The Labour Day aims to recognise the struggle and hard work of workers, to educate them about their rights and to prevent them from being exploited. The whole programme was organised in the guidance of Principal of the College Prof. Anjali Mahajan.

### World Red Cross and Red Crescent Day: May 08, 2024

NSS Unit of GDC Nagrota organised a lecture on World Red Cross and Red Crescent Day by Prof. Dinesh Singh Chib (NSS PO). This day is celebrated on May 8 to commemorate the birth anniversary of the founder of the Red Cross and the International Committee of the Red Cross (ICRC) Henry Dunant. He was born on 8th May 1828 in Geneva and was the recipient of the Nobel Peace Prize.

On the occasion speaker educated the students, about the people who suffer from the shortage of food, several natural calamities, war as well as from and epidemic diseases. Basic amenities are also provided to the people who are really in need. He urged the students to help needy people who suffer from several diseases. The whole program was organised under the able guidance of Principal of the college Prof. Anjali Mahajan.

### World Hypertension Day: May 17, 2024

NSS Unit of GDC Nagrota organized poster making competition on World Hypertension Day. This day is observed every year to raise awareness of the prevention, detection and treatment of high blood pressure. The theme for this year is, "Measure Your Blood Pressure Accurately, Control It, Live Longer! Number of students participated in the competition who presented their poster depicting different causes of hypertension. The whole program was organized under the able guidance of the principal of the college Prof. Anjali Mahajan.
